

ARI 1st Annual Indiana Capitol Day February 21, 2017

Please join us for our first annual Automotive Recyclers of Indiana Capitol Day event on February 21, 2017 at the Indiana State Capitol in Indianapolis, IN.

You are cordially invited to participate in a full day of legislative sessions and visits with elected officials as we seek to personally advocate for our industry's priorities.

Experience the legislative process first-hand as you travel to Indiana's capital city and participate in meetings with members of the Indiana legislature and the Executive branch.

We encourage you to take advantage of this opportunity and join us in the Capitol to promote the industry, the association, our businesses and legislative issues with new elected officials and existing friends of our industry.

For more information, please contact:

Sandy Blalock
Executive Director
Automotive Recyclers of Indiana
